

Hedberg Supports Hennepin County Master Gardener

2010 Learning Garden Tour

Hedberg Aggregates, DBA Hedberg Landscape & Masonry Supplies, is pleased to support the Hennepin County Master Gardener 2010 Learning Garden Tour. This 3rd annual University of Minnesota Extension Master Gardener Learning Garden Tour in Hennepin County will be held on Saturday, July 10 from 9 am to 4 pm.

Visit eight beautiful gardens designed and maintained by Master Gardeners, offering great inspiration along with the latest gardening techniques. This year's gardens are clustered in a convenient route through the Plymouth and Wayzata area.

Representing a multitude of garden styles and interests, find your favorite among native plant gardens, butterfly gardens, waterfront gardens, kitchen gardens, container gardens and more!

Master Gardeners will be on hand to answer all gardening questions. On-site demonstrations provide an educational dimension, for both beginning and advanced gardeners, not found on other garden tours.

They include:

- “Native Plants – How to Go Wild in Your Yard”
- “Landscaping for Family Life”
- “Container Gardening – Spotlight on Welcome”
- “Kitchen Gardens: Grow your Passion for Flavor”
- “Gardening with Wildlife” (Live Raptor Demo included)
- “Inviting the Pollinators – Ideas to Attract Those Bees, Butterflies and Birds We All Love”
- “Serenity Garden – Indulge Your Senses”
- “Gardening is a Process – Learning What Works for You”

The popular boutique will feature garden related crafts, concrete leaves and stepping stones, gardening books and other items.

Price: Tickets are \$15 per person prior to the event, \$20 the day of the tour. Tickets can be ordered online with a credit card at www.hcmg.umn.edu. Or stop by the HCMG office located at 479 Prairie Center Drive, Eden Prairie. Or call Terry at 612.596.2130 for more information.

Admission includes entry to all eight gardens, brochure with garden descriptions, locations and driving instructions, on-site demonstrations, and free handouts on selected yard and garden topics. The tour will go on rain or shine.

All proceeds benefit University of Minnesota Extension Master Gardener community programs in Hennepin County.
