Tree of the Month

Hackberry

celtis occidentalis. B&B. Hackberry is a native tree which has a corky grey bark. Tolerant of harsh urban conditions. Hackberry are a spring dig tree only and should be planted prior to October 1. Growth Characteristics: Hackberry is a fast growing tree. Maximum height is approximately 75 feet and should be planted 40' apart. Green leaf foliage with yellow fall color. Small purple fruit 1/3" in size. Excellent choice for boulevard and landscape tree planting. Did you know you can also make wine from the berries? [Test out the recipe here.](#)

If you didn't know - [Hedberg has trees!](#) Visit our [Hedberg Nursery](#) in Stillwater to pick yours out today. The beauty of the location is worth the drive.

A Word From This Month's Sponsors:

Belgard Hardscapes

Good Bye Kits! Hello Pre-Built!

Belgard's new line of Outdoor Living Elements are designed to be installed in hours not weeks. Fireplaces are now placed in two pieces and that's it, you're done! Take the guess work out of your next project and stop wasting time and start making money!

Check out the kits and beauty shots here.

Rain Garden Installation

Rain Gardens are becoming more and more popular these days as a beautiful solution for stormwater management. If your company is ready to start installing them, watch this informative rain garden [installation video from Dakota County SWCD.](#)

Remember - Hedberg Nursery has all the right Native and Rain Garden plants for your projects.
